轻轨出行新体验

A brand-new travelling experience with LRT

欢迎乘搭澳门轻轨

Welcome aboard

澳门轻轨是澳门首个轨道交通系统,为市民和旅客提供便捷、舒适、可靠及环保的公共运输服务。The Macao Light Rapid Transit (LRT) is the first rapid transit system in Macao, providing residents and visitors with convenient, comfortable, reliable and environmentally friendly public transport services.

氹仔线

Taipa Line

氹仔线于2019年开通,覆盖氹仔市中心的主要住宅区、旧城区及旅游区,并串连本澳海、陆、空三个重要口岸。2023年轻轨妈阁站投入营运,轻轨服务正式从氹仔延伸至澳门半岛。随着2024年石排湾线开通,氹仔线增加协和医院站实现与石排湾线之换乘。现时氹仔线全长12.5公里,设有13个车站。The Taipa Line put into operation in 2019, covering the main residential communities in the city centre in Taipa, Taipa old village and tourist area and links with 3 major sea, land and air ports of Macao. LRT Barra Station put into operation in 2023, LRT service officially extended from Taipa to Macao Peninsula. With the operation of Seac Pai Van Line in 2024, the new Union Hospital Station of Taipa Line serves as an interchange point for passengers travelling between Taipa Line and Seac Pai Van Line. Taipa Line currently consists of 13 stations with a total length of 12.5km.

石排湾线

Seac Pai Van Line

石排湾线于2024年11月1日开通,全长1.6公里,设有协和医院站及石排湾站两个车站,分别连接协和医院大楼及石排湾社区,乘客可透过协和医院站换乘氹仔线和石排湾线。

The Seac Pai Van Line put into operation since 1 November 2024, covering a total length of 1.6km. Seac Pai Van Line consists of Union Hospital Station and Seac Pai Van Station, connecting to the main building of Macao Union Hospital and Seac Pai Van community respectively, passengers can interchange to Taipa Line and Seac Pai Van Line via Union Hospital Station.

横琴线

Hengqin Line

横琴线于2024年12月2日开通,标志着轻轨服务正式延伸至横琴口岸。横琴线全长2.2公里,乘客可由莲花站换乘横琴线,直达横琴口岸澳门口岸区,轻松实现琴澳跨境出行。

The Hengqin Line put into operation since 2 December 2024, indicating LRT services officially extended to the Hengqin Port. The 2.2km Hengqin Line offers passengers a convenient and rapid border-crossing journey whom can reach the Macao Port Zone of Hengqin Port by interchanging Hengqin Line at Lotus Station.

滨海巡航

Ocean Cruiser

轻轨列车名为「滨海巡航」,设计概念源自滨海度假胜地,以刻画澳门为一个充满滨海度假、旅游休闲感觉的城市。

Inspired by seaside resorts, the LRT train is called "Ocean Cruiser", which depicts Macao as a city full of coastal resorts with vacation vibes.

全自动驾驶系统

Fully Automated Operation System

澳门轻轨采用全自动驾驶系统,透过先进的监控、通讯和信号系统,车务控制中心可实时监控和调度整个轻轨系统的运作,灵活安排列车班次,确保列车准时运行,并有效地保持列车与列车之间的安全车距,为乘客提供可靠的轨道交通服务。

The transit system is fully automated. With advanced surveillance, communication and signalling systems, the Operations Control Centre can monitor and control the operation of the entire light rail system in real time. Train schedules can be flexibly adjusted so to ensure trains run on time and effectively maintain the safety distance between trains.
